Food Munch (csfoodmunch.ccbp.tech)

A responsive website that lets you browse through a wide range of food items with ease.

- A responsive website that lets you browse through a wide range of food items with ease.
- Get a clear view of the food items with product videos, available at your fingertips.

Technologies used: HTML, CSS, Bootstrap

Experience

Cognizant Technology Solutions, Hyderabad

Programmer Analyst [Aug 2021 – Sep 2022]

- Detail-oriented manual tester with experience testing client requirements for issues and preventing differences to improve user and client quality.
- My responsibilities also include the setup of test environments, as well as the analysis and execution of test cases. We attend meetings on a regular basis to analyse customer requests and how to make tester work more efficient.
- I have acted as a mentor for ten of the newcomers and guided them through a mini-project that was completed successfully.

Certifications

#30DaysofCode 👍

The #30DaysofCode Challenge is a month-long coding challenge aimed at improving coding skills and fostering a daily coding habit. Join the challenge and enhance your programming abilities!
